

Microsoft 365 Bundle

This bundle is a combo offer with Data and Microsoft 365 cloud based productivity suite which provides anywhere access to familiar Office tools, enterprise-grade email, web conferencing, document management and business process workflows.

This provides anywhere access to familiar Office tools, enterprise-grade email, web conferencing, document management and business process workflows.

Our Value Proposition

1

A complete office productivity suite bundled with data of your choice (Mobile Data or Fixed Broadband).

2

Complete customer life cycle secured by Dialog through direct billing, provisioning, management and 24/7 support.

3

Access enterprise-ready business solutions with a predictable monthly subscription.

4

No need for significant upfront investments in IT infrastructure and maintenance.

5

A cost-effective offering on Microsoft 365 enabling various services through Dialog-Microsoft CSP partnership.

6

The offering enables deployment of new MS features and other cloud services which customers could obtain through Microsoft.

7

Predictable monthly subscription billed in local currency.

Features of Microsoft 365

Microsoft OneDrive is a file hosting service and synchronization service operated by Microsoft as part of its web version of Office.

Microsoft Outlook

Manage your email, schedules, contacts, and to-do items. Outlook is the one place to go to communicate with all of your important contacts.

Microsoft Word

Create documents with style, work with others easily, and enjoy the new reading experience on modern touch devices.

Microsoft PowerPoint

Easily work with others and design beautiful presentations. Presenting tools help you deliver your ideas and impress your audience.

Microsoft Excel gives you intuitive ways to explore your data. Quickly discover new ways to visualize your data and see your information in new depths.

Microsoft Teams is a unified communications platform that combines persistent workplace chat, video meetings, file storage, and application integration.

Microsoft OneNote

All your notes together and with you anywhere. OneNote is your digital notebook for capturing to-dos, meeting notes, and anything else you need to remember.

Microsoft365 is delivered as a per-user subscription that is straightforward to download and install on your computer.

Be always up to date

With Office connected to the cloud, you always have the latest version of the desktop applications, with unobtrusive updates.

Use Office on your smartphone and tablet

With Office connected to the cloud, you always have the latest version of the desktop applications, with unobtrusive updates.

Use on 5 PCs and Macs

Each user can use the Office desktop applications on 5 Windows PCs or Macintosh computers, at work or at home.

Anywhere access to documents

Office saves to your online storage by default, so your files are automatically backed up and linked to you virtually anywhere you go. No more heading back to the office to get a file or document.
